Clearview Named "Best Community for Music Education"

The Clearview Regional High School District was named to the National Association for Music Merchants (NAMM) **Best Communities for Music Education (BCME)** for 2021. According to NAMM, Best Community for Music Education "designations are given to districts and schools that demonstrate an exceptionally high commitment and consistent access to music education." The Best Communities for Music Education list encompasses approximately five-hundred school districts from around the country, including only thirty from state of New Jersey. Clearview's inclusion on the BCME list represents acknowledgement as one top 4% of school districts for music education in the country.

School districts went through a vetting process organized by NAMM and led by experts in the music education field. The application looked at the curricular offerings in the district, recent student and ensemble honors, numbers of students engaged in school music classes across all grade levels, extracurricular musical offerings, teacher qualifications, community engagement, district and administrative support, as well as other music events and opportunities open to students and teachers in the district. The Clearview Regional School District scored highly in all categories based on a strong traditional of excellence in both curricular and extracurricular ensembles, opportunities for all students to be involved in both middle school and high school elective music classes, and strong support from the community as well as school and district administrations. This marks the fourth consecutive year that Clearview has received this distinction as a "Best Community for Music Education."
